

ACCEPTABLE USE POLICY FOR TECHNOLOGY AVAILABLE AT SCHOOL (STUDENT)

The Technology available at _____ School is for the use of the students and faculty for educational purposes. In order for students to use the technology services of this school, students and their parents must understand and accept the following Acceptable Use Policy.

Internet access means access to computers and people all over the world and makes material available that may not be considered appropriate for students. Any student found searching a site which is deemed offensive will receive disciplinary action. Depending on the offense, the consequences may include loss of technology use privilege, disciplinary action up to and including suspension or expulsion, and/or criminal complaint.

Unacceptable use of the technology includes but is not limited to:

- Violating the privacy of any student, employee or any other individual.
- Revealing home phone numbers, addresses, or other personal information.

- Plagiarizing, which is taking someone else's words, ideas, or findings and presenting them as your own without properly giving credit to the sources.
- Using the network for personal reasons unrelated to school work, assignments, or legitimate educational purposes.
